CITIZENS ASK FOR RELIEF.

BAKER MEISTER'S WILL FILED.

Left His Property to His Wife, Whom He Killed.

They Complain of the Faulty Sewerage System in Brooklyn.

The Mayor Requested to Pump Out Their Flooded Cellars.

A delegation of indignant tax payers of Brooklyn flocked into Mayor Boddy's office this morning to complain of the lack of a sewerage system Halsey street and Throop avenue, which causes their cellars to flood with water during every rain storm.

There were about thirty citizens in the delegation, including A. Davidson, Dr. W. Plympton, H. J. Ross, L. L. Setton, M. Wiegand, M. Einsohn, L. D. Wall, Dr. F. O. Ochsner, Mr. Brinell, Dr. Mattheson and Mr. Tully.

The citizens assembled before Mayor Boddy and presented the following resolution:

Whereas, severe losses have recently been sustained by the residents of Halsey street, corner of Throop avenue, the buildings having been rendered uninhabitable on account of the overflow of water caused by the inadequate sewerage system; therefore, be it resolved, that next Monday, at a meeting assembled to be held at the residence of the ex-comptroller,

Resolved, That the Mayor of the city be requested to call a special session of the City Council, and at once to pump out the flooded cellars, as their present condition is a menace to the health of our citizens.

Resolved, That the authorities of the city provide this section with increased and sufficient sewers to prevent a recurrence of the suffering whenever the rains flood the cellars of houses.

The citizens say they feel that the city officials are to blame for the damage to the sewerage system in that section of the city, that the people living in the block are to blame for the damage, and that they have been warned to move from their dwellings. The recent storm broke down the party foundation walls on the building, and there is danger of the houses falling.

How Do You Do?

When you buy shoes or clothing? Don't you go to a place where they tell you that you may wear the articles out, and then, if you're not satisfied, they'll refund the money? Why not do the same when you buy medicine?

Dr. Pierce's Golden Medical Discovery is sold on that plan. It's the only blood-purifier so certain and effective that it can be guaranteed to benefit or cure, in every case, or even to pay your money back.

It's not like the ordinary spring medicinie. The year round, it builds up and invigorates the system. If you're bilious, run-down, or dyspeptic, nothing can equal it as a remedy.
